# March at St. Joseph international school: A Month of Achievement, Celebration, and New Beginnings

Welcome to March at St. Joseph International School, a month dedicated to achievement, celebration, and new beginnings! This month, we have a diverse range of activities planned, designed to engage our students, staff, and the wider community. From coding competitions to graduation ceremonies, there's something for everyone to look forward to. Join us as we make memories and celebrate our collective successes.

# Unleash the Code: 5th Grade Coding Competition

Get ready to witness the coding prowess of our 5th graders! On 01/03/2025, we're participating a coding competition where students will showcase their skills in Scratch and Blockly. Participants will compete for medals, certificates, and recognition during school announcements. The competition aims to foster problem-solving skills, creativity, and a passion for technology among our young learners.

## 1 Innovative Projects

Students will create unique coding projects.

## 2 Collaborative Spirit

Teamwork is encouraged to enhance problem-solving.

## 3 Expert Judges

Coding experts will evaluate projects.
